[P.T.]

*This paper was evidently written by Mr Trimby (see under Sept<sup>r</sup> 24<sup>th</sup> 1884) and is an attempt to fill the gap between the time when Mr Vivian gave up registering the deaths, and the time when the book was handed over to Mr Brawn (sometime in 1889) How far it is correct, I do not know, nor does there seem to be any means of finding out, as the certificates of registration are missing.*
